No. .....
Date. 30-10-45
GOVERNMENT OF MYSORE

J.B.Mallaradhya, Esq., M.A.,
Additional Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.

Sir,

I have the honour to state that the drinking water well works noted in the enclosed list ~~that~~ had been sanctioned by the Deputy - Commissioner, Bangalore District, from out of Rural Water Supply Fund before ~~xxxxxxxxx~~ inception of the Sanitary Board. The special fund from which the wells had been sanctioned was made up of Government - grants and contributions from some of the village panchayats, where panchayats had credit balances. Panchayats with no credit balances have been exempted from paying their quotas for valid reasons.. The total cost of the sanctioned estimates comes to Rs.6,717/- while the total sum of contributions paid from the V.Ps is Rs.741-10-8. The estimates relate to years from 1941-42 to 1943-44.

When the villages to which these wells had been sanctioned came under the administration of the Sanitary Board, the question of the agency through which the works are to be executed and the funds from which the concerned bills have to be paid came up for the consideration of the Board in its meetings held on 30-8-1945. They resolved that in as much as the wells have been sanctioned from a - special fund to which contributions had been paid by some of the concerned V.Ps which are replaced by th Sanitary Board, the same special funds should be operated upon for payment of the bills of the works; and it was further resolved that because the wells are in villages which are now under the local jurisdiction of the Baard, they may be permitted, as a matter of administrative convenience, to be executed through the agency of the Sanitary Board which has a Sub-overseer on its staff.

A copy of the resolution of the Board is enclosed.

I request that sanction of Government be obtained to the resolution of the Board.

I have the honour to be,

Sir,

Your most obedient servant,

PRESIDENT.

Proceedings of the Government of His Highness the Maharaja of Mysore.

Read— Letter No.A.1.33/45-46 dated the 27th Oct 1945 from the D.C.Bangalore and Dist & President of the Hindustan Aircraft Sanitary Board requesting sanction of Government for executing certain drinking water wells in the villages included in the Sanitary Board area sanctioned under the Rural Water Supply Scheme, the cost being debited to the Rural Water Supply Funds of the Bangalore District.

2.U.O.No.A.5. 1896-45-46 dated the 4th June 1946 from the Revenue Commissioner in Mysore agreeing to the proposal.

Order No.L. 14570-3

It is reported that ten well works as shown in the Statement appended were sanctioned out of the Rural Water Supply Funds during 15 years prior to 1943-44 and they are remaining unexecuted for want of contractors etc., and since these villages are now included in the Hindustan Aircraft Sanitary Board area, the question of debiting the cost of these works has now arisen. The

Sanitary Board have resolved that these well works may be got executed out of the Rural Water Supply Funds as they were sanctioned under the Rural Water Supply Scheme. They are however agreeable to see that the works are completed under the supervision of the Sub Over Seer working in the Sanitary Board. The Deputy Commissioner, Bangalore and the President of the Sanitary Board and the Revenue Commissioner are agreeable to the above proposals which are according to directions

~~It is seen from the statement that as many as six wells are intended for the use of the Adikaranatakas and the remaining four are raiyats' wells. As it is the intention of Government to see that every village should have drinking water facilities Government are pleased to direct that the cost of the wells referred to be debited to the Rural Water Supply Funds. The Sanitary Board should however bear the cost of all the fresh works well works.~~

The Deputy Commissioner, of Bangalore District is requested to place the requisite funds at the disposal of the Sanitary Board for the completion of these well works.
